

COVID-19 Screening Form - Cabin Rental & Family Camp

Camp Nicolet for Girls values a safe and healthy environment for you and all members of the camp community. In an effort to acknowledge and address concerns over the ongoing COVID-19 pandemic, you can help us identify potential symptoms and exposure to COVID-19 prior to your arrival for a cabin rental or to Family Camp. The CDC (Center of Disease Control, 2020) has identified that the symptoms of COVID-19 may appear **2 to 14 days after exposure to the virus.**

ALL PARTICIPANTS; Adults & Children: Please complete this self-screening no less than **72 HOURS** prior to arrival to camp. Bring this checklist with you and provide to the camp office at check in. Your confidential responses help us recognize any potential exposures to COVID-19 or virus symptoms. Each person in your party must provide a completed self-screening Form. Thank you for your assistance!

Family Member Name: _____ Date: _____

Have you had any of the following **symptoms** in the last 14 days:

(Circle yes or no)

- *Yes No ----- Cough
- *Yes No ----- Shortness of breath or difficulty breathing
- *Yes No ----- Fever over 100.3 F
- *Yes No ----- Chills
- *Yes No ----- Muscle aches, pains or abdominal pain
- *Yes No ----- Sore throat
- *Yes No ----- Nausea, vomiting or diarrhea
- *Yes No ----- A red rash
- *Yes No ----- Red eyes
- *Yes No ----- Poor appetite

This list is not all of the possible symptoms. Please list any other symptoms you may be having:

(Circle yes or no)

- *Yes No 1. Have you been exposed to anyone diagnosed with COVID-19 within the last 30 days that you know of?
- *Yes No 2. Have you been told to quarantine yourself within the last 14 days and haven't done so?
- *Yes No 3. Have you been tested for COVID-19 within the last 14 days and have tested positive or are the results still pending?

**If you have answered yes to any of the symptoms or exposure questions above, please consider not attending camp, and seek medical attention for any symptoms.*
